24/44 Reports from Buckinghamshire Councillors

Buckinghamshire Cllr. Chilver reported that Buckinghamshire Council had held its Annual Meeting on May 15th. Drain covers in Sheep St. were now being repaired by the relevant utility companies and Buckinghamshire Council had also cleared the drains. Work on the flooded area of the A413 near Addington was awaiting the area to dry out. He noted that Little Horwood Road would be closed for 4 days at the end of the month. The on-road parking restrictions for Greyhound Lane were expected to be in place in July/September.

Rubbish at the previous bank site was raised. There had been a limited response to an enforcement order and this would be followed up.

Community Board Matters

The Bowls Club Open Day was noted. The Dementia Bus Day had been very successful and also served to promote the local library. Further events such as a day for the Medical Detection Dogs would also help to focus on how the library served the local community. The Community Board was working with the Sports Club on new facilities. The Wednesday market would soon see local independent traders attending. They would be assisted by having gazebos and tables provided in a central area.

It was requested that when organising activities at the Library the Buckinghamshire Council Community Access point also be promoted.

The Street Trader Licencing Consultation was raised. Cllr Bishopp had attended a consultation meeting with Bucks, and it had been made clear to Buckinghamshire Council that if they were to introduce the totally unsatisfactory proposals then it would almost certainly be the end of most community events and markets.

24/45 Current Strategic Issues

East west Rail

Members expressed their appreciation to EWR for the various items which had been generously donated to community causes.

Community Facility

There had been no further progress, but members expressed their concern that it was held up by what seemed a fairly minor technical issues with the DfE. While the town so urgently needed facilities for teenagers and to have the now derelict central site developed. It was requested that the project manager attend a meeting where relevant correspondence could be considered so that WTC councillors could see the detail and better understand the problem.
